

VISION CONNECTS

Connecting Your Vision to a Job-Ready Career

Empowering youth with practical skills, bridging the gap between academics and industry. Proudly backed by
Accountants Factory LLP.

Who We Are

Industry-Backed Foundation

Vision Connects is an employability-focused skilling academy founded by Accountants Factory LLP, a trusted name in professional accounting services.

Bridging the Skills Gap

We understand the challenges graduates face, bridging the gap between classroom learning and workplace reality with practical, affordable, and placement-driven programs.

Mission-Driven Transformation

Our clear mission is to transform fresh graduates into industry-ready professionals who can immediately contribute value to their employers.

Guaranteed Career Support

Our programs offer guaranteed career support, meticulously designed by practicing professionals who ensure you learn the real skills employers demand.

Why Choose Vision Connects?

Curriculum by Experts

Designed and delivered by practicing finance professionals with real industry experience, not just academic credentials.

Real Opportunities

Direct access to job placements through our extensive partner network of accounting firms and corporate clients.

Mentorship & Guidance

Learn directly from professionals handling live client projects, gaining insights beyond textbooks.

Hands-On Learning

Practical exercises that simulate real-world work scenarios, preparing you for day-one productivity.

Not just theory, but the skills employers demand.

Our Flagship Program

Certified Professional Accountant Program

150+ Hours of Intensive Training

Skill-based learning with practical application to ensure deep understanding.

50-Day Structured Program

A concise and effective learning roadmap designed for maximum retention and quick turnaround.

5 Comprehensive Core Modules

Covering essential technical accounting skills and vital professional soft skills.

Guaranteed 100% Placement Support

Dedicated career assistance to successfully launch your professional journey in accounting.

Core Modules Overview

01

Core Accounting

Master the fundamentals: ledgers, journals, trial balance, and comprehensive financial statements. Learn double-entry bookkeeping and accounting principles that form the foundation of all financial operations.

02

Tally & Zoho Mastery

Gain hands-on expertise in India's most widely-used accounting platforms. From basic data entry to advanced features like inventory management and statutory reporting.

03

GST & Income Tax

Comprehensive compliance training with real case studies. Learn to file returns, handle assessments, and navigate the complexities of Indian taxation system.

04

Excel Mastery

From basic formulas to advanced functions including VLOOKUP, Pivot Tables, INDEX-MATCH, and financial modeling techniques used in professional environments.

05

Business Communication

Interview preparation, professional email writing, workplace etiquette, and presentation skills. Learn to communicate effectively in corporate settings.

Career Pathways After Graduation

Upon completing our program, you'll be equipped and job-ready for these high-demand positions:

Accountant / Junior Accountant

Managing daily transactions, maintaining ledgers, preparing financial statements, and ensuring accuracy in all accounting processes.

Accounts Executive

Handling accounts payable and receivable, bank reconciliations, vendor management, and supporting month-end closing procedures.

Tally Operator / Specialist

Specializing in Tally-driven financial operations, data migration, system customization, and training other team members.

Bookkeeper

Maintaining accurate and up-to-date financial records, transaction recording, and supporting audit preparations for various organizations.

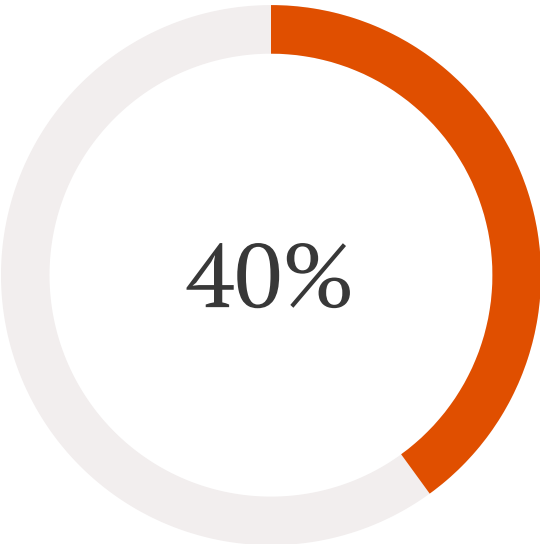

Finance Executive (Junior)

Supporting financial analysis, budget preparation, reporting activities, and contributing to strategic financial decision-making processes.
